

DUNERA ASSOCIATION INC

80TH ANNIVERSARY EVENTS

Although we have had to postpone our traditional events and publication of Dunera News due to the health crisis, I am pleased to announce the following on-line events that you will be able to view.

ZOOM WEBINAR EVENT HIGHLIGHTING THE ART WORK OF DUNERA BOY LEONHARD ADAM – CO-HOSTED BY EMANUEL SYNAGOGUE, SYDNEY

Date: 30th August

Time: 3 pm Eastern Australian Standard Time

This event will be co-hosted by the Dunera Project who has kindly allowed us to utilise their digital platform. The webinar has been timed to enable our members and friends in the UK and Israel to view in real time. Unfortunately, the timing is not ideal for those in North America, but the event will be recorded for future use.

Leonhard's daughter, Mary-Clare Adam, who resides in Israel, will take us on a tour of some of her father's paintings. The event will also be broadcast from the Tatura Irrigation and Wartime Camps Museum, which was the recipient of over 30 paintings by Leonhard Adam, generously donated by Mary-Clare. A member of the museum and committee member Michelle Frenkel will take you on a tour of the museum, highlighting some of the Adam works.

CONCECRATION OF THE TOMBSTONE OF DUNERA BOY KURT KRISZHABER

Kurt Kriszhaber was tragically killed in a gas accident in his home in Melbourne in 1946. At the time he had no family and was buried in an unmarked grave in the Fawkner Cemetery. David Nelson, a researcher at the Holocaust Museum and Education Centre in South Florida, came across Kurt's history and tragic death and decided to raise funds for a tombstone. This he has achieved thanks to many generous donors.

We wish to honour this Dunera Boy by holding a consecration service. The event will be videoed and recorded and placed on our Facebook page. It is further possible that with the help of the Dunera Project, we will be able to live-stream this event. It is fitting that this event will take place on the actual 80th anniversary of the arrival of the Dunera boys to Sydney

This event is dependent on the level of any restrictions that may be upon us due to the health crisis.

Date: Postponed

Time: To be advised
